

Venturi Cardiology invites you to an  
online event looking at:

# COVID-19 AND THE HEART

This interactive session will be  
delivered by our in-house team of  
cardiologists

Dr Tom Heseltine

Dr Scott Murray

Dr Jonathan Hasleton

**WHEN: Thursday 11th November  
1.30-2.30**

**WHERE: Via video conference  
call - a link will be sent out  
following your registration**

**WHO FOR: Primary care  
clinicians**

This interactive session will look residual symptoms of covid-19 that may point to a heart source. You will leave the session with a good understanding of potential work-ups and when to refer on. Case study examples will be included.

Symptoms we will look at include:

- Breathlessness
- Chest pain
- Palpitations

Please RSVP to [info@venturicardiology.com](mailto:info@venturicardiology.com)
